Dear Sir,

WITHDRAWAL FROM THE NDC CONSTITUENCY PARLIAMENTARY PRIMARIES

I am writing to formally notify the National Executive Committee (NEC) of the National Democratic Congress (NDC) about my decision to withdraw from the Ayawaso West-Wuogon NDC parliamentary primaries. This decision was personal and was made after extensive consultations with key stakeholders, without any external influence.

I firmly believe that the NDC must present a unified front for the 2024 general elections. As a dedicated member of the NDC, I prioritize the party's unity and the President John Mahama project aimed at rescuing our country.

In light of my withdrawal, I wholeheartedly endorse and throw my support behind my good friend and brother, Mr. John Dumelo, to be the parliamentary candidate for the NDC in the Ayawaso West-Wuogon constituency.

I urge all my supporters across all levels of the party in the constituency to rally behind John Dumelo and provide him with needed support. Together, with a renewed sense of togetherness, we can secure victory in the 2024 elections and uplift our nation from its current state.

I extend my heartfelt gratitude to my numerous supporters at the branch, ward, and constituency levels for their unwavering support, dedication, and affection. I cherish every moment of our interactions and admire the enthusiasm of our grassroots in their pursuit of seeing the NDC and former President John Mahama reclaim political power to better the lives of the good people of Ghana.

Yours Sincerely,
